

PRESS RELEASE

CC Moore Kings of Kingsbury

Once again our bait has proved itself as unbeatable as two guys using our kit romped to success in a recent round of the British Carp Angling Championships.

Fishing in tough conditions at Midlands day ticket water Kingsbury Pine Pool, East Midlands anglers Peter Lawrence and Dean Cuthbert took the lead early on in the event and held on to it right to the end.

Conditions were tough during the match, which saw some of the top Midlands anglers' battling it out for a place in the highly sought after British Carp Angling Championships semi finals, and it was "bags and bits" that did the damage for the hot shots. N-Gage and Odyssey XXX were the baits of choice with Feedstim XP and Betaine proving successful in the bags and sticks.

For more info on the BCAC or to check out how our boys are doing log on to www.britishcarpchamps.co.uk
