

Russian successes for CCM Teams

It is with great pleasure we can report that our friends and colleagues from Russia have again flown the 'CCM flag' successfully during the high profile Moscow Carp Club Competition which was held at the superb Lake Sumbar in Croatia.

During the five day event which took place between the 20th and 25th of September, action was as always difficult to come by during the autumn period but was often exclusively enjoyed by the teams using CC Moore baits. With four teams using our products again monopolising the key positions, impressive fish of up to 61lb+ were caught by teams using a mixture of Meteor, Odyssey XXX and the now infamous N-Gage XP baits as loose feed and hookbaits.

1st and 2nd to CC Moore Teams

Coming out on top was Team Nochnoy Pozor with a staggering 625kg+ of fish taken during the five day event. Using a combination of CC Moore products they managed to keep catching through the event pushing their nearest rivals Team 50lb into second place.

Here are just two of the fish that enabled Team Nochnoy Pozor to win the Moscow Carp Club Championship

Team 50lb also managed to catch a very impressive total of 597kg using the tried and tested CC Moore products meaning that the total fish caught by the top two teams (both using CC Moore baits) actually banked over 1.2 tonnes of fish during the 5 day event. This really is a quite awesome weight of fish and earns both teams our heartiest congratulations.

These are four of the big fish caught by Team 50lb on their way to their second place finish

Not to be outdone, the other teams using CC Moore products during the event were successful in creating their own newsworthy captures of the largest fish and the largest Grass Carp of the event.

Here are Team ABS and Team Safari with their fantastic 28kg (61lb+) Carp and 17.8kg (39lb+) Grass Carp respectively.

Final result of the Moscow Carp Club Competition

1st place: Team Nochnoy Pozor - 625.68kg

2nd place: Team 50lb - 597.02kg

Largest fish caught: Team ABS - 28.08kg

Largest Grass Carp caught: Team Safari - 17.84kg

All four teams shown above used CC Moore products for the Moscow Carp Club competition. Our warmest congratulations go to our colleagues in Russia who have again flown the flag for CC Moore & Co Ltd and have made our company so proud to be associated with them.

Well done and many thanks for your continued success!
